Content

- Words
- Images and pictures
- Videos
- other **stuff**

...that we put on our site

In WordPress we control content from the admin page

To Do

- Clean up all the extra pages
- Create "My School" page
- Create "My Photo" page

Themes

- let us quickly change the look and layout of our site
- control the colors, fonts, and placement of content
- set our site's **aesthetics**

The preview shows a network diagram of laptops, a header with 'Home Sample page', and a featured post titled 'Testing post with few more things' by 'admin' in the 'Uncategorized' category.

Twenty Fourteen

The preview shows a dark-themed layout with a large featured image of a person's hair, a sidebar with 'Twenty Fourteen' and 'WordPress', and a main content area with a video player and a 'FEATURED IMAGES REALLY' section.

Adding a "My Photo" Page

- Load our images into the Media Library
- Create an Image Gallery
- Plugin: NextGEN Gallery
